**REMARKS**

This is a full and timely response to the outstanding nonfinal Office Action mailed Feb. 24, 2006. Initially, it is noted with great appreciation that the Examiner considers the subject matter of all pending claims 1-19 as being allowable over the art of record. Applicants submit that some typing errors in claims, which are caused by the EFS software version 1.1 through electronic filing, have been corrected as the Examiner instructed while no new matter is entered. Drawings FIG. 1A, 1B and 2 have been designated by a legend of --Prior Art--. Reconsideration is respectfully requested.

If the Examiner believes that a telephone conference would expedite the examination of the above-identified patent application, the Examiner is invited to call the undersigned.
